Farm Management Deposit

A Rural Bank Farm Management Deposit (FMD) is an effective risk management tool that allows primary producers to set aside and earn interest on pre-tax income from profitable years and use it when needed most. This is especially important for rural producers with uneven income streams.

You have a choice of a variable or fixed rate FMD account, or a combination of both, depending on your investment requirements.

THE FARM MANAGEMENT DEPOSIT SCHEME

- Available to primary producers with a taxable non-primary production income of no more than \$65,000 for the financial year.
- Must be held for at least 12 months for rural producers to be eligible for taxation benefits.
- Companies, trusts and partnerships are not eligible. However, they are available to certain beneficiaries of trusts and individual partners of a partnership.
- The combined value of your FMD accounts cannot exceed \$400,000.
- To maintain potential taxation benefits when switching institutions, FMD funds must be electronically transferred to Rural Bank.
- More information about eligibility criteria and additional conditions are available in our Banking Accounts Terms and Conditions.
