C IMPORTANT INFORMATION ABOUT FMD ACCOUNTS

Authorised deposit-taking institution

The FMD provider issuing this application form is an authorised deposit-taking institution for the purposes of the Banking Act 1959.

Purpose of farm management deposits scheme

The farm management deposits scheme is designed to allow individuals carrying on a primary production business in Australia to shift before tax income from years when they need it least to years when it is most needed. The scheme helps those individuals to manage their exposure to adverse economic events and seasonal fluctuations. Eligibility criteria apply to individuals carrying on a primary production business in Australia under the scheme.

Tax consequences of farm management deposits

The scheme allows individuals carrying on a primary production business in Australia to deduct the amount of any farm management deposit they own from their assessable income for the income year in which the deposit is made. However, the amount of the deductions cannot exceed the owner's taxable primary production income for the income year.

Under the Pay As You Go system, owners may reduce their instalment income for an instalment period by the amount of farm management deposits made during that period. The reduction is limited to the amount that the owners can reasonably expect to deduct for the deposit for the income year in which the deposit is made. However, the instalment income for the period cannot be reduced below nil.

When a farm management deposit is repaid to an owner in an instalment period, the instalment income of the period will include the amount of the repayment. But the owner's instalment income will only include so much of the repayment as will be included in the owner's assessable income for the income year in which the repayment is made.

If neither the owner's tax file number nor Australian Business Number has been quoted to the FMD provider that holds the deposit, the amount repaid will also be subject to withholding at a rate equal to the sum of the top marginal tax rate and the Medicare levy.

Important requirements for farm management deposits

Some of the requirements for farm management deposits are summarised below. There are also other requirements set out in the Income Tax Assessment Act 1997 ('the Act'). A breach of some of the requirements will result in the deposit not being treated as a farm management deposit, and the tax benefits will be lost.

- The owner must be an individual who is carrying on a primary production business in Australia when the deposit is made.
- The deposit must be made by only one individual and on behalf of only one individual.
- Rights of the depositor are not, and must not be, transferable to another entity.

- The deposit must not be used as security for any amount that the depositor or any other entity owes to the FMD provider or any other entity.
- Interest or other earnings on the deposit must not be invested as a farm management deposit with the FMD provider without having first been paid to the depositor.
- If the depositor requests in writing, the FMD provider must electronically transfer the deposit, or part of the deposit, to another FMD provider that agrees to accept it as a farm management deposit.
- The FMD provider must not deduct any fees from the principal of a farm management deposit. However, it may charge fees on the deposit.

Repayment of farm management deposits

The tax benefits are not retained for deposit amounts repaid within the first 12 months after the deposit was made, unless the repayment is made:

- (a) because the owner:
 - (i) dies; or
 - (ii) becomes bankrupt; or
 - (iii) ceases to carry on a primary production business in Australia and does not start carrying on such a business again within 120 days; or
 - (iv) has requested the deposit, or part of the deposit, to be transferred to another FMD provider and the repayment relates to the transfer; or
- (b) because the circumstances specified in subsection 393-40(3) of the Act or in regulations made for the purposes of that subsection, relating to repayment in the event of severe drought, exist; or
- (c) because the circumstances specified in regulation 393-15 of the Act, relating to repayment in the event of a natural disaster, exist.

The amount of any repayment of the deposit must be at least \$1,000, except where the entire amount of the deposit is repaid.

Additional information

- The minimum deposit is \$1,000 and the maximum deposit is \$800,000.
- An individual can own more than one farm management deposit, and can own farm management deposits with different FMD providers, but the sum of the balances of all the farm management deposits of the owner claimed as a deduction must not be more than \$800,000.
- The deposit will not be deductible if taxable non primary production income for the year of income exceeds \$100,000.

D TRANSFERRING AN FMD FROM ANOTHER FINANCIAL INSTITUTION

Do you want to transfer your existing FMD from another FMD provider?

☐ Yes* ☐ No

* If yes, and you wish to transfer all, or part of, that FMD to your new Rural Bank FMD please arrange for your existing FMD provider to electronically transfer the funds into this new FMD account. No monies can be accepted into a Rural Bank FMD until funds from the other FMD provider are electronically received by us.

Note: If the FMD is withdrawn in the form of cash or cheque this may result in the deposit not being treated as an FMD and the tax benefits may be lost.

J IMPORTANT CUSTOMER INFORMATION

Please consider the information below before investing in a Term Deposit or Fixed Rate FMD with us:

- If you require immediate access to your funds in the future, please consider whether or not a Term Deposit or Fixed Rate FMD is appropriate for you. We have other deposit products available which may be more suitable.
- By opening an account, you consent to us automatically renewing your investment on the maturity date. If no instructions are received by us before the maturity date, we will automatically roll your Term Deposit or Fixed Rate FMD into a new term with the same investment term (or nearest equivalent term if the previous investment term is no longer available) at the prevailing interest rate for that term. Due to interest rate movements over time, the interest rate applicable to the new investment may be lower than the rate applied to the previous investment.
- Whenever you invest with us you have a 10 calendar day grace period, starting on the day after maturity, to make any changes to your investment. For instance, you may want to withdraw funds, increase your investment amount or change the term of your investment. During the grace period, you can make any such changes to your investment without incurring an interest rate reduction.
- Should you wish to withdraw or transfer your funds after the grace period, your funds will be available 31 days after we receive your request, or at maturity, whichever occurs sooner. This does not apply in cases of proven hardship, as defined by us. Any funds withdrawn after the grace period and prior to maturity will be subject to an interest rate reduction.
